R. A. Thomoson, Esq., LL.D.,

Collegiate Institute, Hamilton.

My dear Dr. Thomoson:

I have made inquiries from two sources, one of them the Dean of the Faculty of Medicine, and from both I gather the opinion that the Fraternity to which you refer has a good reputation. I am told that none of those who belong to it had a star last year, which seems to be an unusual record. The Dean tells me that he looked into the character of the Fraternity last spring with particular care in order to give advice to a relative of his who wished to join it.

Yours sincerely,

President.
